

OUR NEW STRATEGY.

Institution of
**MECHANICAL
ENGINEERS**

October 2023

Improving the world through engineering

THE CORE PRINCIPLES: OUR MISSION AND VISION.

Our mission as an organisation:
Improving the world through engineering.

Our vision for IMechE in 2030:
A global, inclusive, and digitally enabled
engineering community.

Our **engineering community** includes those involved in the mechanical engineering profession – not just those engineers who are IMechE members.

THE CORE PRINCIPLES: OUR VALUES.

Impact

We make a difference in what we do, taking accountability and ownership for meeting our commitments, and making things happen by succeeding together and excelling as individuals.

Inclusion

We work together as one inclusive team valuing and embracing diversity, by communicating and sharing openly, listening actively to others, and celebrating our unique contributions.

Innovation

We find better ways to get things done, innovating to solve problems, drive change, and move our mission forward by making tomorrow better than today.

Integrity

We do the right thing for IMechE and for one another by being honest, truthful, and authentic, acting with integrity in every decision and action we take.

THE CORE PRINCIPLES: OUR TWO STRATEGIC GOALS.

Membership Development

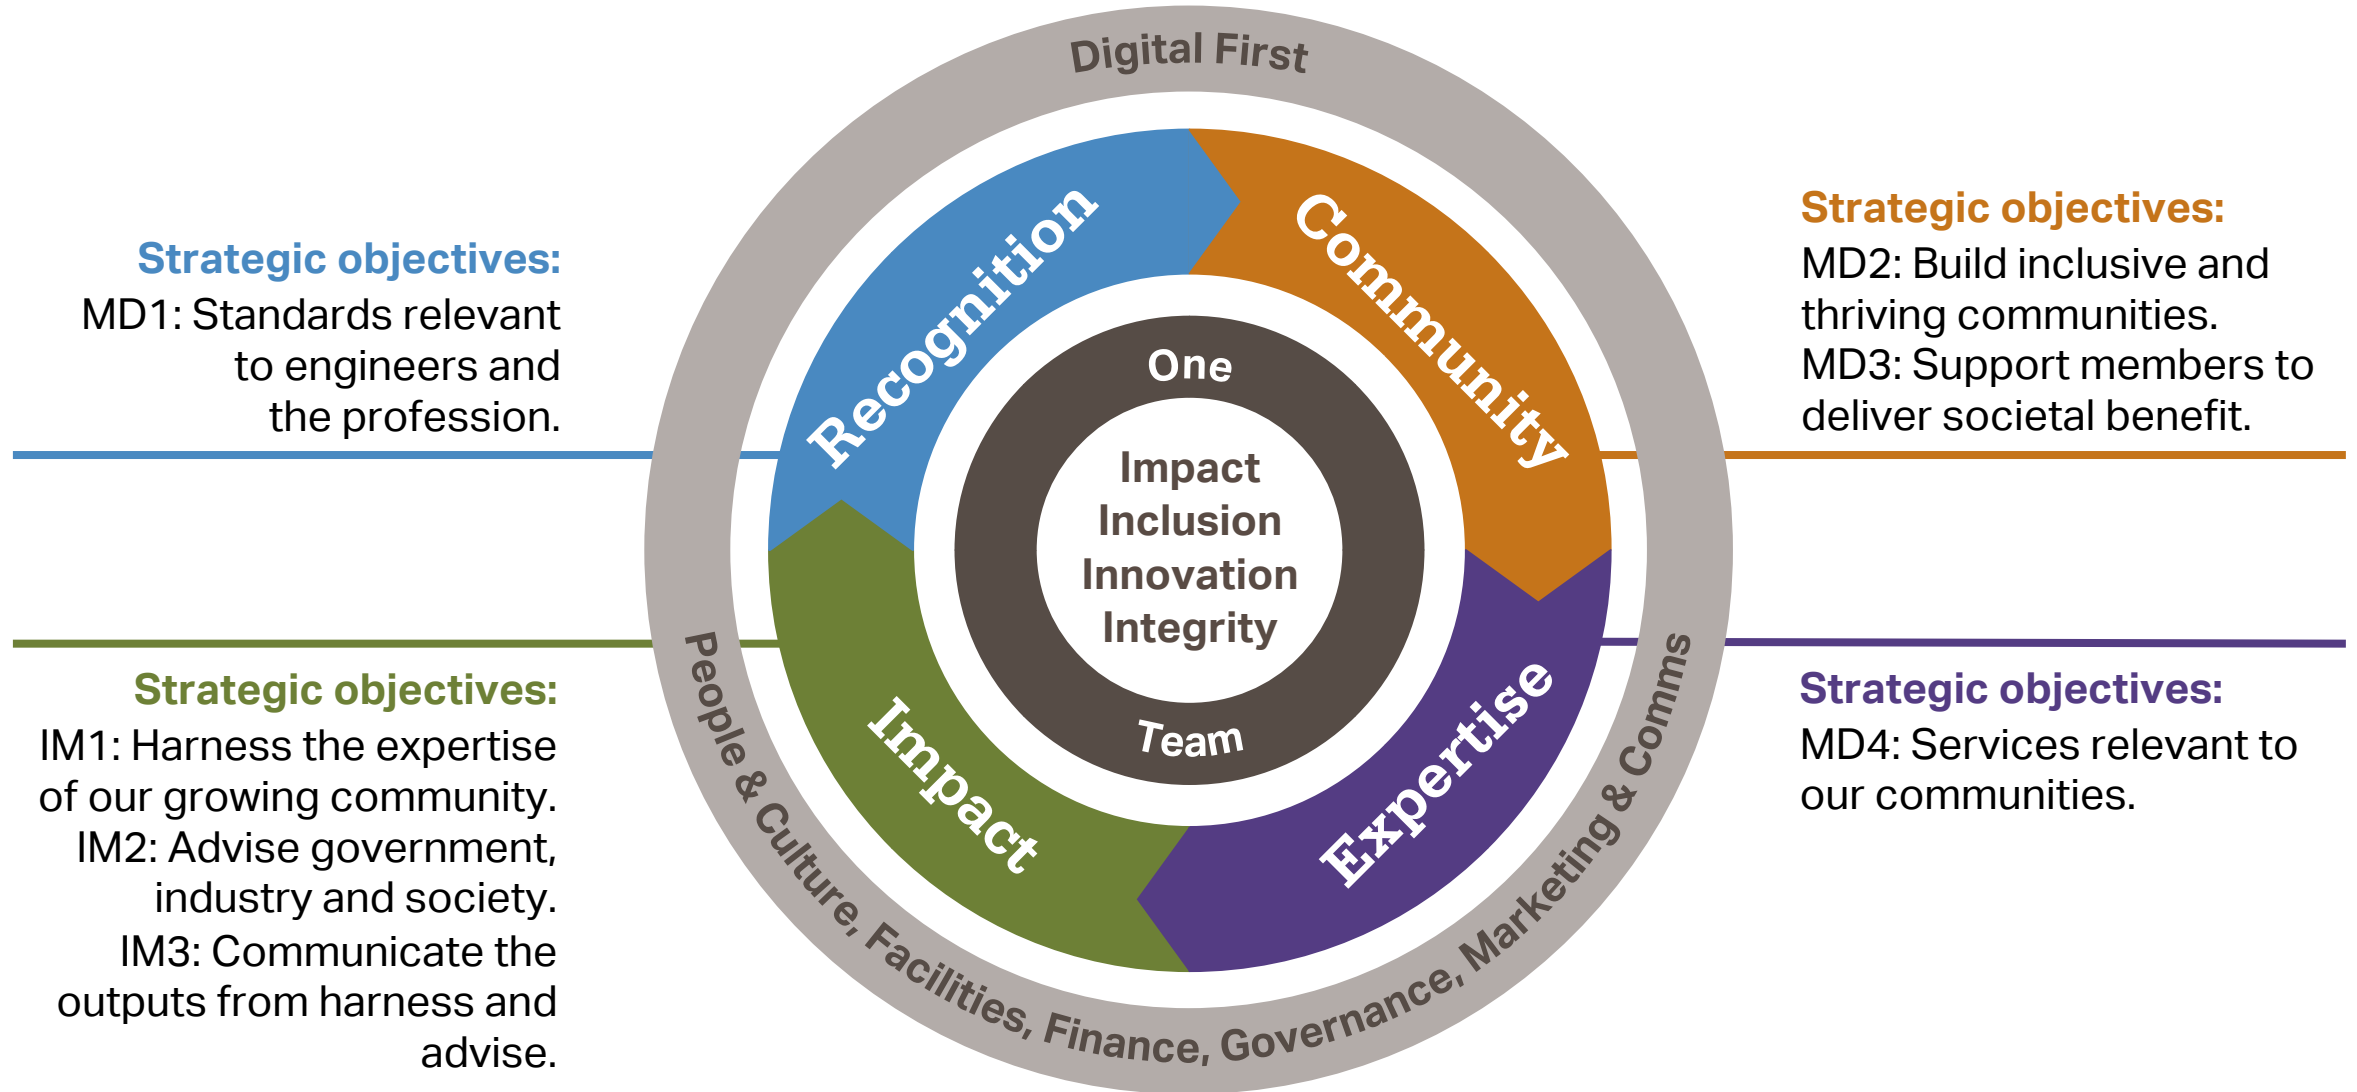

Developing, registering,
and supporting our **members**
and the wider **engineering**
community to be their best
for a more inclusive and
sustainable world.

Impact

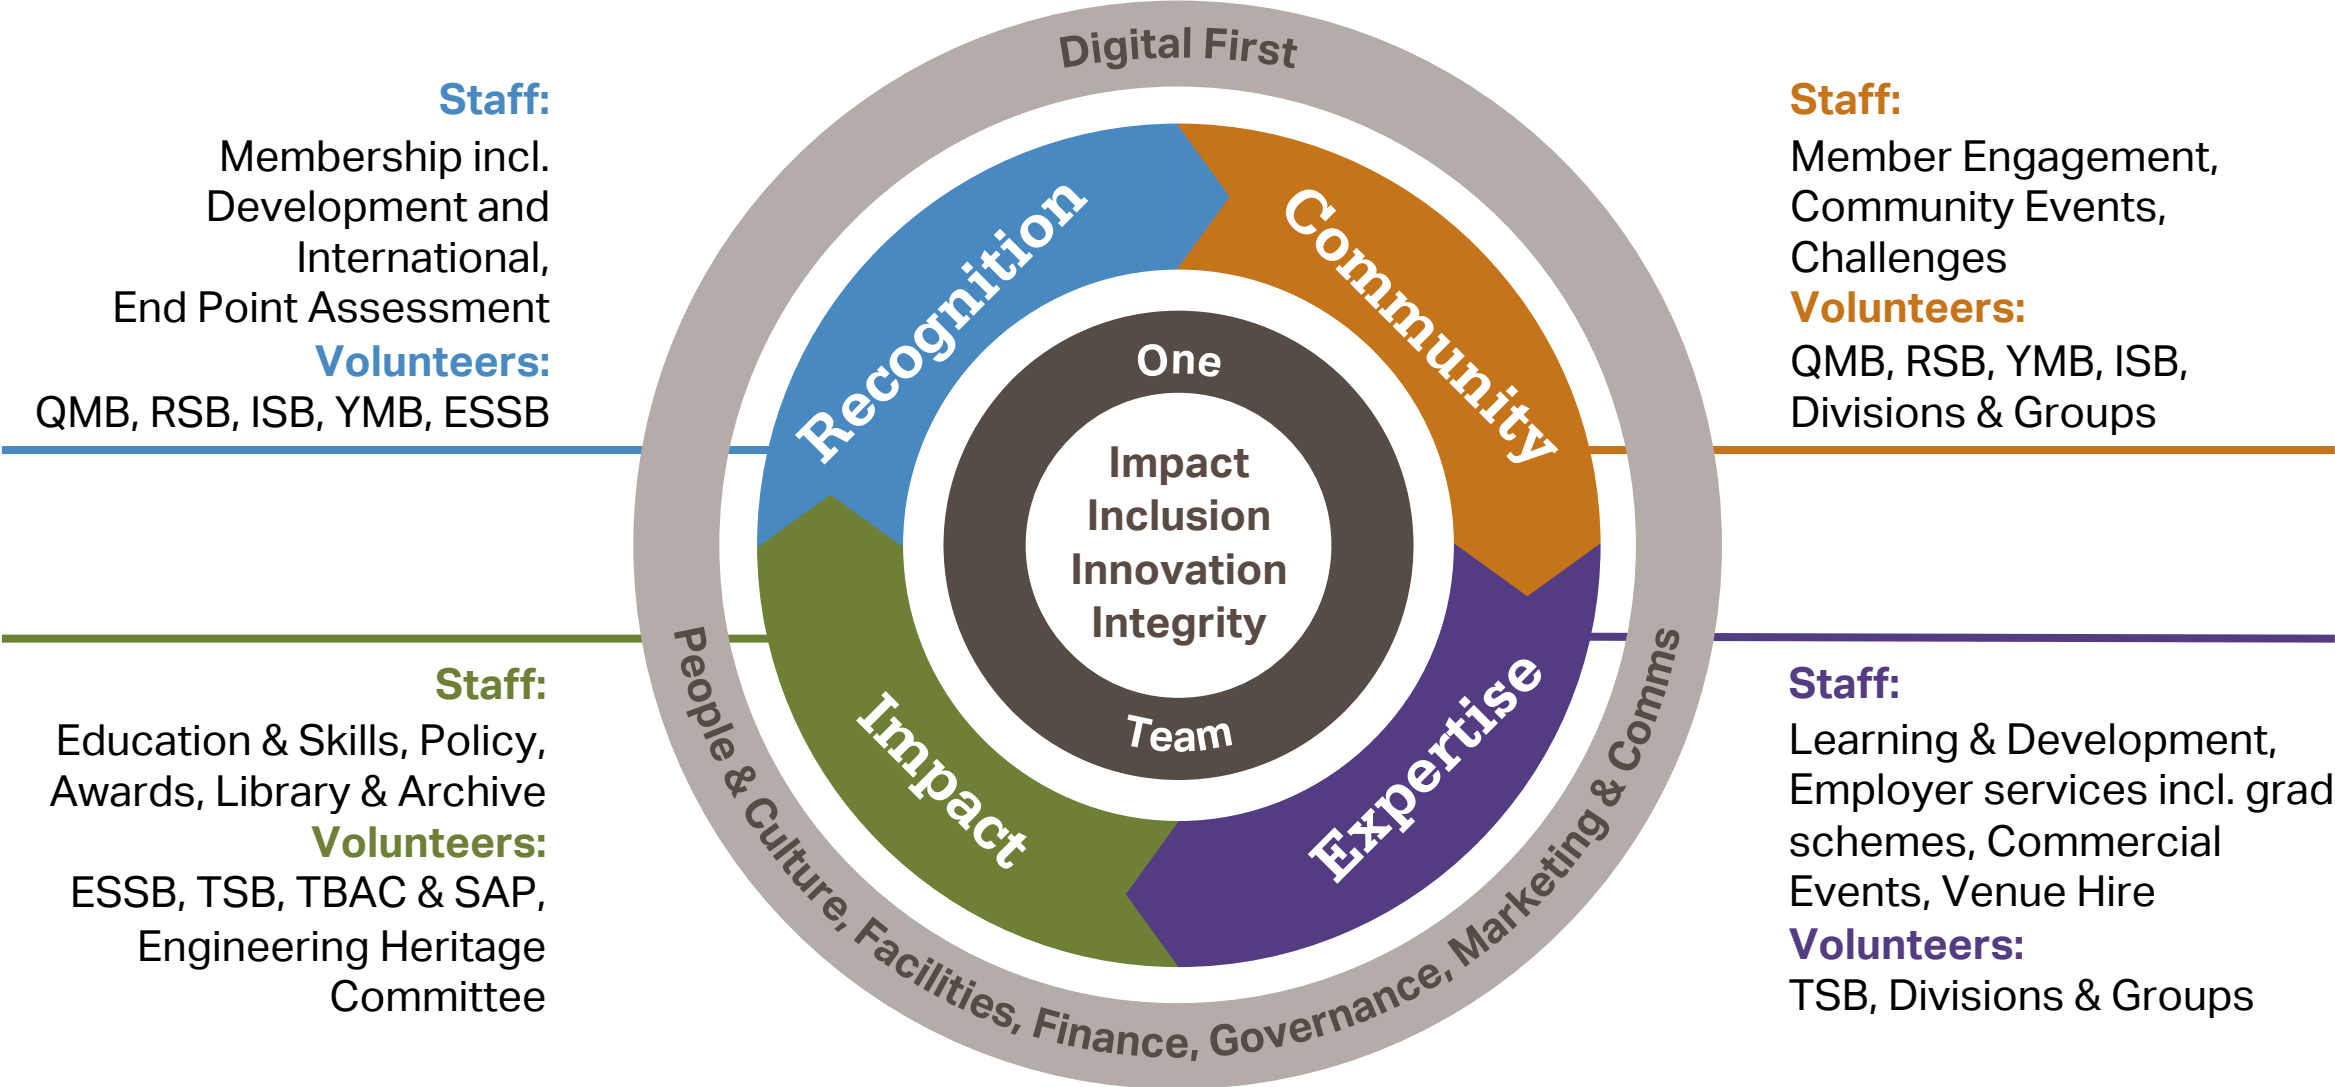

Maximising the impact of
our **community** to promote
engineering, inform opinion,
and stimulate innovation for
the benefit of society.

IMPLEMENTING OUR STRATEGIC OBJECTIVES.

ADAPTING OUR STRUCTURE: A WORK IN PROGRESS.

HOW CAN YOU GET INVOLVED?

Opportunities to shape the future

We are seeking interest from staff, volunteers, and members to participate in interviews and focus groups in the coming months. The insights will shape future decisions we make. Email jake.fraser@imeche.org if you want to take part.

Major research taking place later this year

We will be running quantitative (survey) research and encourage members and volunteers to engage.

Virtual Volunteer Conference 6-10 Nov

Look out for comms about this event in November.
